Christmas Eve | Thursday, December 24

Christmas Day | Friday, December 25

New Year's Day | Friday, January 1

Cybersecurity Tips & Tricks

Outsmart the scammers — it's easier than you think.

Staying safe online doesn't take a tech degree — just a few smart habits.

Simple ways to protect yourself and your family:

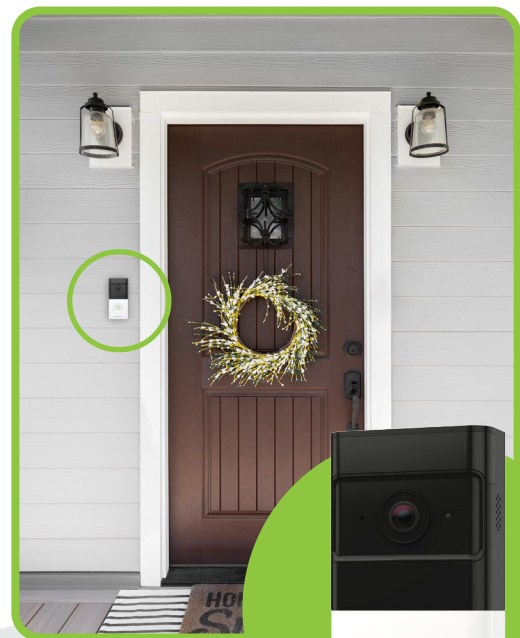

- Use strong, unique passwords for every account — a password manager makes it easy.
- Turn on two-factor authentication wherever it's offered.
- Think before you click links or attachments from senders you don't know.
- Keep your devices, apps, and antivirus software up to date.
- Never share personal info over the phone unless you placed the call.

Ding dong! Who's there? Now you'll always know.

Ever wish you could see who's at the door — even when you're not home? With a Twin Lakes doorbell camera, you can. Get instant alerts the moment someone steps onto your porch, watch in crisp HD day or night, and chat with visitors through two-way audio right from your phone. Expecting a package or a friend? Unlock the door remotely with a tap. It's real peace of mind, backed by the local team you already trust.

Ready to see who's knocking? Contact our friendly Twin Lakes service team today for a free quote — call 931.528.2005 or visit twinlakes.net.
